United States Army
Redstone Technical Test Center (RTTC)

Resources

Overview

The Redstone Technical Test Center possesses the necessary personnel, equipment, instrumentation, facility, and range "resources" to competently and cost-effectively manage and meet the diverse needs of our weapon system customers. An overview of our resources is shown below.

Land and Buildings

- Over 14,000 acres or 1/3 of the land area of Redstone Arsenal (Note the yellow and orange areas)
- Over 825,00 square feet of building space
- Over 265 buildings (Shown in dark blue)

Personnel

"Our most important resource – responsive, flexible, and competent people"

- Over 500 skilled personnel
- 66% of the workforce are engineers and 20% are technicians
- 46% of the workforce have 11 – 20 years of experience and 35% have over 20 years

Accountable Items

- Number of items – 18,561
- Value of items - \$121 million
